Bandana

Codes: ● 262001, ● 262003

Classification

Personal Protective Equipment (European Directive UE 2016/425), Category I

Material

Autoclavable cotton

Colours

Emerald green, light blue

CE Type Ref

MONOART * BANDANA

Pleasant and comfortable to wear, this cotton bandana has adjustable ties and can fit all sizes. Thanks to the top-quality, colour-fast cotton used, it is autoclavable at 121°C.

High shoe cover

Code: 270754

Classification

Medical Device Class I

Material

TNT

Colour

Light Blue

Disposable shoe cover made of absorbent, waterproof double-sided non-woven fabric. The shoe cover is elasticated at the top, so you can fix it to your knee without blocking normal blood circulation. 48 cm high, for complete, safe protection.

Disposable Latex Gloves

Codes: 261179 (pink), 261169 (green)

Classification

Personal Protective Equipment - Category II

Colour

Transparent and pink frame (FitUp Pink) and transparent and green frame (FitUp Green)

Weight

25 g

Anti Scratch Plus

Anti Fog Plus

Enveloping glasses for operators, guaranteeing maximum protection and visibility. Complete with temples adjustable in length and tilt and a soft, non-slip nose bridge, FitUp glasses stand out thanks to their exceptional comfort and fit. High-strength lenses with anti-fog and anti-scratch treatment.

Scudo 2000 full surgical cap with mask

Code: 270762

New

Classification

Medical Device Class I

Material

Polyester visor, type II 3-layer non-allergenic NWT mask, surgical cap in Softesse[®] NWT 67 g/m²

Colour

Transparent frame, light blue surgical mask, blue surgical cap

Dimensions

Visor 21.5 x 22.5 cm (lxw)
Surgical cap length 43 cm

Disposable full surgical cap with visor that protects the eyes, nose and mouth from any splashes of blood or other infected liquids. Recommended for medical personnel during interventions at risk and in environments where bioaerosols are formed. Softesse[®] NWT surgical cap is comfortable, highly breathable and extremely water-repellent. Clear polyester visor, 125 µm thick, with antistatic treatment on both sides. Certified EN 14683, Type II, anti-fogging and water-repellent surgical mask. Bacterial filtration efficiency: ≥ 99%. Breathing resistance: $\Delta P \leq 3.0 \text{ mm H}_2\text{O}/\text{cm}^2$.

Scudo 2020 full surgical cap

Code: 270761

New

Classification

Medical Device Class I

Material

Polyester visor and surgical cap in Softesse[®] NWT 67 g/m²

Colour

Transparent frame and blue surgical cap

Dimensions

Visor 21.5 x 22.5 cm (lxw)
Surgical cap length 43 cm

Disposable full surgical cap with visor that protects the eyes, nose and mouth from any splashes of blood or other infected liquids. The surgical cap in Softesse[®] NWT guarantees exceptional comfort. It's perfect for lengthy operations and treating at-risk patients. Clear polyester visor, 125 µm thick, with antistatic treatment on both sides. The size and wrap-around shape guarantee complete face protection, minimising the risk of cross-contamination.

Clinical Cap full surgical cap

Code: 270757

 **Classification**
Medical Device Class I

 **Material**
Perforated NWT 26 g/m²

 **Colour**
Light blue

 **Available size**
One size

Disposable surgical cap with elastic band at the nape of the neck, shaped and sized to isolate the head and hair, adaptable to all sizes and suitable to contain even thick hair, made of perforated absorbent NWT. Thanks to the composition of the material, a bacteriological barrier is formed that guarantees excellent breathability, avoiding a rise in body temperature. Recommended during operations with a high production of dust and aerosols.

Saliva ejectors EM15

Codes on request

 **Classification**
Medical Device Class II a

 **Dimensions**
Ø 6.5 mm - length: 12.5 or 15 cm

 **Colours**
